Couple Massage

It is applied to couples at the same time, depending on the type of massage they have chosen.

Aroma Therapy Massage

It is a soft massage in which aromatic oils are used for spiritual, physical, and healing purposes. It is applied to relax the soul and purify it from negative effects.

Balinese Massage

A combination of pressure and point techniques stimulates the flow of blood and energy. The tired mind calms down. Balinese massage is very beneficial for people with an intense physical lifestyle.

Deep Asian Massage

At the beginning, the muscles are warmed with soft techniques. Then, with increasing fingertip and elbow pressure, it reduces edema and muscle spasms, accelerates blood flow, and carries oxygen to the tissues.

Purification Therapy

It is applied to release all the negative energies carried in the body that burden the person. It provides spiritual and physical healing.

Shiatsu Head Massage

Shiatsu massage increases the life energy in the body. Performed by applying pressure with the fingers, it clears the mind of negative thoughts and increases focus. It is good for headaches and migraines. The body's self-healing power is triggered.

Child Massage

It is applied up to the age of 14 using natural and healing sesame oil that protects the skin barrier. Special techniques are used according to the child's age.

Our massage services are provided by our professional therapists. Our therapists come to your room at the reservation time with portable massage beds and massage oils. After making the necessary preparations according to the massage type you have chosen, they serve you privately in your own room.
